

Grit Bin
Corner Maidenhead Road/ St Gregory's Road

20 Surveyed

10 returned
5 For
5 Against

I also interviewed parents and coach drivers who use the local Primary/Junior School in this vicinity.

Reasons For
Very Sloppy there.
Car Drivers and children would benefit from gritting being available

Reasons Against
Children would play with the Sand
Ugly from the road
Would it fit on the path.
Isn't there a water hydrant by the wall where it would go

My comments
I think it is a water hydrant also with the angle of the path it could be dangerous as the sharp corners would be children head height!
