8 For

3 Don't Care

Reasons Against

No Room in that position

Bins at the end of both selection of the Alcester Road

Most of the rubbish on the embankment is from the Railway Station not the College/School pupils

Uses exercise and a waste of tax payers money

Dangerous Crossing anyway for disabled [Accident recently] No room on pathway.

Reasons For

So Messy along that part of the Road.

Should have a recycling bin somewhere near railway station the we would use it.

People should be fined for doing it.
