Comments from those in opposition
The proposed site for the grit bin is a grass space next to the small children\'s playground and is therefore also used as a playing place by local children. There is very little grass playing space on the estate and given this fact, and this space\'s location immediatly next to the playground, this means that locating the bin here will severely impact on local children\'s space and activities.

Recommendation by the Ward Member to the Lead Ward Members Review Meeting	Grant, but perhaps see if there is another location in the area to satisfy all
